Mulund (W), Mumbai | 9152030715 | sanketpatil0902@gmail.com |

CAREER SUMMARY:

A B.E. student in Information Technology with significant experience in full-stack development, AI/ML, and OCR-based technologies. Proficient in designing scalable real-world applications using cutting-edge technologies, actively participating in hackathons and event management. Interested in developing intelligent applications based on automation.

SKILLS:

Languages: Python, Java, JavaScript, MERN Stack, Flutter, Machine Learning, NLP

- Computer Vision & OCR: OpenCV, • Systems: Bluetooth (P2P), Automation: n8n, langchain
- Tools: Git, GitHub, Postman, Canva

SOFT SKILLS

- Leadership • Communication • Team Management • Problem Solving

KEY ACHIEVEMENTS:

- Winner – Nexothon 2025, GCET Gujarat
- 2nd Place – HackCelestial 2.0, Pillai College of Engineering
- 4th Place – Craftverse 2025, PCCOER Pune
- Finalist – HackOrbit 2025, Madhav Institute of Technology
- Top 10 – Dev with AI, Bharati Vidyapeeth

RELEVANT PROJECTS:

- **RescueLink** – Offline Disaster Alert System (HackCelestial Panvel – Winner): Bluetooth-based P2P emergency communication system with offline alerts, safe-zone mapping, and multilingual support
- **KisanVaani** – AI Assistant for Farmers (Nexothon Gujarat – Winner): Voice-first Hindi AI assistant for crop insights, schemes, and AI-driven recommendations
- **AI Interview Simulator** (Hackverse PCCOE – Winner): AI-powered mock interview platform with real-time question generation, voice input, and performance analysis
- **Fake News Detection System** (Individual): ML-based model using NLP techniques for classifying news as real or fake
- **Reclaim** – Sustainable Material Exchange Platform: Built a platform to enable reuse and exchange of materials with features like demand-supply tracking and impact insights

WORK EXPERIENCE:

1. Palcoa Solutions

Software Intern | December 2024 – April 2025

- Developed OCR automation using Python, OpenCV, and PyTesseract
- Streamlined image-to-text data extraction processes

2. Zemo – Sports Reconnect

Software Intern | May 2025 – August 2025

- Built automated sports fixture generator with scheduling logic
- Reduced manual effort in tournament planning

LEADERSHIP & COMMUNITY EXPERIENCE

SE Coordinator & NGO Volunteer

- Organized technical events and hackathons while managing student engagement
- Conducted teaching sessions for students and women in community programs
- Coordinated activities, improving participation and outreach initiatives

EDUCATION:

B.E. Information Technology, VESIT, Mumbai | CGPA: 8.78

HSC (Science), K.J. Somaiya College | 77%

SSC, Vani Vidyalyaya, Mulund | 91%
